

United States Census 2020

The 2020 Census is happening NOW! You can complete your household's census form online by clicking [here](#), even from your phone.

- It's quick and easy. The 2020 Census asks just 10 questions, and NO ONE is asked for their immigration status, Social Security Number, or any financial information.
- It's safe, secure, and confidential. Your responses are NEVER shared — not with ICE, the police, NYCHA, your landlord, or anyone else — and your answers can never be used against you.
- It's important! Without your response, your neighborhood will lose out on critical services for the next 10 years. Your response impacts over \$900 billion in funding a *year* for things like hospitals, housing, transportation, and schools.

Remember, EVERYONE counts:

- That includes children, toddlers, infants, foster children, and anyone else living with you.
- You don't need to be a U.S. Citizen to count! Everyone should be counted, regardless of their immigration status.
- Non-relatives count too. Remember to count any roommates you have — even if they're not on the lease.
